

Science Coverage:

	Plants	Animals, including humans	Materials	Seasonal changes	Living things and their habitats	Rocks	Light	Forces and Magnets	States of Matter	Sound	Electricity	Earth and Space	Evolution and Inheritance
Year 1	Plant Parts	Animal Parts Human Senses	Everyday materials	Seasonal changes									
Year 2	Plant Survival	Human Survival Animal Survival	Use of Materials		Habitats								
Year 3	Plant Nutrition and Reproduction	Animal Nutrition and the Skeletal System				Rocks, Relics and Rumbles	Light and Shadows	Forces and Magnets					
Year 4		Food and the Digestive System			Grouping and Classifying				States of Matter	Sound	Electrical Circuits and Conductors		
Year 5		Human Reproduction and Aging	Properties and Changes of Materials		Sow, Gow and Farm			Forces and Mechanisms				Earth and Space	
Year 6		The Circulatory System			Evolution and Inheritance		Light Theory				Electrical Circuits and Components		Evolution and Inheritance

Geography topics

EYFS

ELG: The Natural World Children at the expected level of development will:

- Explore the natural world around them, making observations and drawing pictures of animals and plants.
- Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class.
- Understand some important processes and changes in the natural world around them, including the seasons and changing states of matter.

Exploring the natural world is part of the children's everyday learning. They are encouraged to comment and discuss the environment as things arise and they often follow children's own interests. They do this by: Handa's surprise (contrasting environments), growing and planting, seasonal changes, ice and melting, processes and changes.
